He asked that if the bank purchased new parking blocks would it be possible for the town to install them? Kate recommended we purchase them to save on taxes and Josh install them when they are received. Josh reported that he has been looking into different options available for a back hoe to be purchased. He had found two different ones, the least expensive being a 2000 model at a price of \$24,000. Kate recommended to continue looking for cheaper options. Josh also reported that Brian Shawgo had turned in his hours for April for streets, water, and skid steer usage. Josh purchased the mail slot for the water bills, it will be installed soon.

Kate said she was contacted by a resident on North 2<sup>nd</sup> Street regarding a tree on an adjacent lot that had fallen and is leaning precariously toward his property. The resident wanted to know if the city can help with this issue. Kate will check with Chief Willis about trying to contact the property owner of the adjacent property to get this issue resolved.

**Water/Sewer Department:** Josh reported the Consumer Confidence Report for water quality for 2019 is available for viewing. He also mentioned the EPA is inquiring what type of water lines residents have in their houses. He will send out a letter to ask residents to check their water lines and respond with the type of lines they have in their residence.

Kate reminded everyone that the summer water rates are now in effect.

6. **Animal/Insect Report:** Kate reported that Don Osborn will do the mosquito spraying for the village this year at the same rate as last year. He will be taking the spraying machine to be tested and reported that the village has plenty of spray to last the year.

9. **Old Business:**

A. **Mowing Quotes/Bids:** Kate reported that in addition to Austin Williams' bid (\$200 for all 5 properties in the village per mowing, including rolling), the village received a bid from Beau Attebery (\$172 for all 5 properties in the village per mowing). Charlene motioned to award the 5 properties within the village to Beau Attebery and continue having Austin Williams maintain the sewer lagoons with the requirement that Beau provide proof of insurance by Friday, May 8<sup>th</sup> showing liability coverage at a minimum of \$1,000,000. Zain seconded the motion. Motion carried with all eyes. The board will revisit this issue in June.

10. **New Business:**

A. **Vacant Properties:** Kate reported there are 5 properties within the village that are unmaintained. Chief Willis will be sending warnings to these property owners.

She informed the board that at present time the village has been unable to contact the owners of the Tungate property on south 3<sup>rd</sup> street. Due to the extremely tall grass

and pests living in this yard, she recommended having Austin Williams clean the property up for a one time fee of \$100, followed by mowing the property every two weeks at a cost of \$35 per mowing. Kent motioned to have Austin Williams clean the property up for a one time fee of \$100, followed by mowing the property every two weeks at a cost of \$35 per mowing. Zain seconded the motion. Motion carried with all ayes.

Kate also reported that at the time of the meeting the Colander property located on East Mason had not switched legal owners. The village had been told the property sold and due to this the village would not need to maintain this property any longer. However, due to not having an official record of property transfer the village is concerned the property will continue to be overgrown. Joanna will call the courthouse to verify whether the property has been sold or if the previous owner is still in control of the property. Kate recommended if the property is still in the previous owner's name the village should continue upkeep and ask Austin Williams to maintain the property. If he is not interested in maintaining it, the village will contact Swaar Brothers.
